

Evidence- Based Teen Pregnancy Prevention Programs at a Glance

This table provides a brief overview of the program models on the *HHS Teen Pregnancy Prevention Evidence Review* website that are implementation ready and is intended to be used in conjunction with other resources when selecting a program model for implementation. For additional information, please visit http://www.hhs.gov/ash/oah/oah-initiatives/tpp_program/db/.

Note: Grantees may propose to implement an evidence-based TPP program with a population or in a setting other than those identified in the program's original evaluation; however, as a reminder, proposed adaptations must be shared with OAH and may require approval.
